Sam,

I am sure you already know this but I am forwarding the information to Ryan.
For Beaumont, TCEQ gave us an short update. They are still assessing outages in Orange County, but for the Beaumont Water Plant: It's not operational now, but staff are running a line to the Nueces River near the existing intake on a temporary basis so service can be restored. By [noon tomorrow](#) they hope to be at half capacity, 10 MGD, and to full capacity of 20 MGD within 48 hours.

Storage tanks are full or near full and valved off. The town is on a boil water notice. The residents are being provided bottled water and porta potties are being trucked in and set up.

Lee

D. Lee Forsgren

Deputy Assistant Administrator
Office Of Water
Environmental Protection Agency
